

November 26, 2025

Dear Pottersville Students, Staff, and Families,

This school year has been fast and full—yet incredibly meaningful. I've felt the momentum of so many plans in motion as we work to strengthen our district from the inside out. We're making strides not only through improving physical spaces and infrastructure; but also improving our district organization and systems. It's inspiring to see our team roll up its sleeves and push forward to better every student, every family, and every colleague.

Personnel Updates

- Secondary Principal: Mrs. Kaytie Palmiter has taken leave, and Ms. Jill Mangrum will be subbing for her. **Staff, we ask you please join Ms. Mangrum in the library on Monday morning at 7:30 AM to meet her.**
- Student Data Administrator: April Rademacher will be transitioning into this new role, serving as the district registrar and our PowerSchool PowerUser.

Happy Thanksgiving

I'm grateful for the everyday progress we're making together and for the people who show up and keep things moving. Here's to the small wins, steady effort, and the momentum that carries us forward.

I'm especially thankful for our incredible staff. Your hard work, patience, and willingness to go the extra mile—often unseen—are the backbone of what we do. You meet every challenge with grace, creativity, and a steady focus on our students' success. Your strength and dedication don't go unnoticed, and I learn from you every day.

As we pause to give thanks, let's remember the small, everyday moments: a kind word, a shared smile, and the sense that we're in this together. I'm grateful for each of you—the mentors, the teammates, and the friends who make Pottersville a place where learning, growing, and caring come naturally.

Wishing you and your loved ones a safe, restful, and truly grateful Thanksgiving.

Respectfully,

Michelle Falcon

Interim Superintendent
